### **Voids**

- + The Group Executive approved additional budget to continue the delivery of the voids service through a contractor supported model.
- + 20 trades colleagues that were supporting the repairs service with reducing their work in progress number returned to the void service in November 2024. Void numbers continue to be monitored to ensure that resource requirements meet demand and continue to reduce cumulative void rent loss.
- + Monthly void rent loss is on a downward trend and is expected to be within target by the end of Q4 of 2024/25.

# Asset Management Compliance – Customer Safety

**Gas safety:** We are 100% legally complaint, with 8 overdue homes with legal processes instigated.

**Electrical Safety:** 100% of our homes have an electrical condition report. We are 100% compliant with regulations.

**High Rise:** We have 16 high rise buildings – no material remedial safety works required.

**Fire safety:** All fire risk actions fully provided for in existing business plan and covered by 'business as usual' budgets. 100% compliance remained at the end of the quarter, meaning all fire safety checks had been carried out within the required timescale in all required high and low-rise blocks, and community rooms. Performance has been maintained at 100% for all reporting points since February 2022.

Water Hygiene: 100% compliance remained at the end of the quarter. All required checks on assets (high and low-rise blocks and community rooms) where a water hygiene (legionella) check is required have been completed within the relevant best practice timescale that we have set for ourselves.

**Asbestos (Regulation 4):** The KPI shows compliance with legislation requirements for asbestos inspections in communal areas. 100% compliance remained at the end of the quarter which we have held for over two years.
